It is time to get real about selling our 1986 Grady White 24 Off Shore this boat that has seved us well and I am not getting any younger. I have for sale my 1986 Grady White Offshore. It has a 220 horsepower Yamaha 2 stroke hydraulic power steering, with a galvanized ezloader trailer. It has a [good](#)top which closes up out of the elements with side curtains and rear drop, zippers are good and snaps are all good. The 220 motor has low hours because we always trolled with a kicker. Pictures show a kicker motor but I am not offering the kicker motor. Two 12 volt batteries new last year with battery switch. About the trailer. This is a fully galvanized trailer. Two years ago i replaced all brake parts, backing plates, shoes also new surge brake acuator; fenders have all been rewelded and remounted, trailer repainted with galvanized paint. May need two tires, I have some extra tires and wheels, has spare. The trailer has an electric winch.

The boat:

1. 24 feet six inches
2. Walkaround bow
3. Trim tabs
4. Trolling motor bracket
5. Wash down
6. Marine radio
7. Hummin bird 785 fish finder GPS
8. Planer boards
9. Planer board towers
10. Cuddy cabin with cushions
11. Two Big Jon electric downriggers with releases and cannon balls.
12. Large net
13. 4 Level wind reels on 8 foot downrigger rods.
14. Six rod holders
15. Anchor with an anchor line
16. Several dock lines
17. Six life vests coast guard approved
18. White throwable ring with 30 feet of line coast guard approved
19. Porta potty
20. AM/FM bluetooth
21. Handheld spot light
22. Aerator/baitwell
